

Who Is Responsible?

It is not at the discretion of the Director of Community Development, Scott Lucchesi, to determine the scope of the decision making process nor the outcome of decisions made by the Planning Commission. The Director's role is to simply present impartially the facts to the Commission. The Commissioners have the civic and moral responsibility to place appropriate restrictions and conditions on requests and in fact have the authority to vote **NO** on proposals that are not in the best interests of the community especially the surrounding neighbors. Planning Commissioners must vote **NO!** As you know this is against the comprehensive plan of the county. You, the Planning Commission, have the **RIGHT** and **RESPONSIBILITY** to vote **NO** on the motocross raceway based on public opposition and the correct facts.
